Dear Mr Heywood,

Thank you for your further letter regarding the construction of the St Helena airport.

I can certainly appreciate your ongoing concerns, particularly in light of the safety issues you raised in 2010.

Enabling greater access to St Helena would of course be of great benefit to the island. However, I can understand how the island's geography may be impacting the airfield.

I have therefore written to the Secretary of State for International Development on your behalf, asking her about the safety issues you raise and for more information about when the airport will be opened. I shall be back in touch once I receive a response.

Many thanks again for taking the time to contact me.

Yours sincerely,
